

A large yellow excavator with a black bucket is positioned in the center of the frame, facing left. It is situated in a quarry or construction site, with a steep, rocky hillside in the background. The sky is overcast and grey. The excavator's arm and bucket are prominent in the foreground. The text "INDMAJ EXPERIENCE" is overlaid in white, uppercase letters within an orange rectangular border.

INDMAJ EXPERIENCE

“ we push the mechanical sector to
A promising future ”

INDMAJ EXPERIENCES EST. A Saudi company which providing specialized professional services and solutions in Different fields

INDMAJ EXPERIENCES EST. has good experience business knowledge and Projects within the Kingdom of Saudi Arabia, with number of high distinguished professional experience staff.

Our company is providing integrated services by using many methodologies of latest technology and seeks to enable the partners to achieve administrative and technical efficiency and effectiveness.

Vision

- to be a global leader in the industry, recognized for our commitment to technological advancements, environmental responsibility, and customer satisfaction. We strive to continually innovate and improve our products and services to meet the evolving needs of our customers and contribute to a more sustainable future.

Our Mission

- our mission is to be a trusted partner for businesses, providing them with innovative and sustainable productivity solutions. We aim to deliver high-quality products, exceptional service, and valuable expertise to help our customers optimize their operations and achieve their goals.

Sustainability

Sustainability: Environmental responsibility is at the core of our operations. We strive to minimize our ecological footprint by developing energy-efficient products, promoting sustainable practices, and actively seeking ways to reduce waste and emissions throughout the product lifecycle.

The background of the slide is a dark, industrial setting. In the center, there is a large, yellow industrial valve or actuator mounted on a metal structure. The valve has a label with technical specifications and a barcode. The overall scene is dimly lit, with some light reflecting off the metal surfaces and the yellow valve. The text is overlaid on this background.

Achievements

- **Our dedication to excellence has earned us recognition as a trusted provider of sustainable productivity solutions Locally.**
- **We have successfully implemented numerous projects across various industries, resulting in increased operational efficiency and cost savings for our clients.**

Products and services

We offer a comprehensive range of products and services from non-compressor parts, vacuum solutions, air handling systems, construction equipment, power tools, and assembly systems, to meet diverse industry needs.

1

Air compressor spare parts

Direct maintenance

2

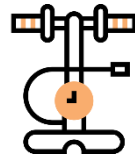

Discharge solutions

Maintenance contracts

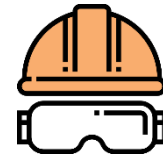

3

Air handling systems

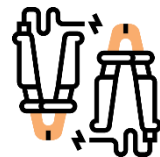

4

Construction equipment

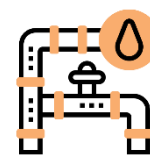

5

Power tools

6

Assembly systems
